LWR TRIVIA QUESTIONS

1000

- **Q:** Double Difference Maker!
The player who has chosen this question will be the only one allowed to answer. The slide will prompt the player to choose a wager before answering. (Click the link at the top of the slide to proceed to the question.) The question slide has an LWR video about Lasting Solutions to Hunger in Peru. Watch the video and then ask the player to answer the question: People have left Peru because of political problems and extreme weather conditions. This is a reason why people like Daisy's family might stay.
- **A:** A list of possible answers are: What is family/ancestral heritage or connection, no money to buy other land or a new house, or knowledge of the land/crop has been passed down and that's how families know how to make a living. This question is intended to give youth a chance to think about why families in poverty cannot or will not pick up everything and move or start over if the situation in their homeland becomes difficult. This is a good place in the game to pause for conversation, if desired.

FROM THE GROUND UP

200

- **Q:** This crop helps with reforestation in Central America, and helps farmers make more money from their produce. It is eventually made into a tasty treat!

- **A:** What is cacao or cocoa?

400

- **Q:** Farmers in Uganda have been able to increase their incomes by learning new techniques and improving quality of this crop. (Hint: The beans from the crop are fermented, dried, roasted, and ground before they make their way to a mug during breakfast. Many churches have a whole hour devoted to this crop on Sundays!)

- **A:** What is coffee?

600

- **Q:** Farmers don't always get a fair price for their produce in many countries, but switching to a Fair Trade company can help a lot! This is one thing that typically improves for a farmer when they become Fair Trade Certified.
- **A:** A variety of answers are acceptable: What is increased income, stable prices, improved safety regulations, lessened environmental impact, or democratic and transparent governance among farmers?

800

- **Q:** This small, herd animal with curved horns can provide milk, meat, and increased income to many women farmers and their families in Burkina Faso.
- **A:** What is a goat.

1000

- **Q:** This farming practice is necessary in areas where it is very dry for most of the year.
- **A:** What is irrigation.

FAITH IN ACTION

200

- **Q:** LWR sent 261,580 School Kits around the world in 2013. Each Kit contains 5 pencils and 5 pens. This is the number of writing utensils that Lutherans distributed in 2013.
- **A:** What is 2,615,800.

- **A:** What are Quilts or mission Quilts.

600

- **Q:** Personal hygiene is important in times of disaster to help prevent spread of disease and protect a person's God given dignity. These are 2 items that Lutherans share when they assemble an LWR Personal Care Kit.
- **A:** What are (any combination of) a towel, a bar of soap, a toothbrush, a comb, or a nail clipper.

LWR TRIVIA QUESTIONS

800

- **Q:** A prenatal health care worker in Mali might distribute Kits with clothes, blankets, towels, and soap, to mothers for this important person in her life.
- **A:** What is her baby?

1000

- **Q:** LWR and our partners can teach a person to stitch, repair, and make clothing or other textiles, so they can earn an income and break out of poverty, with these two items donated through a Kit from U.S. Lutherans.
- **A:** What are fabric and thread in our Fabric Kits?

POVERTY

200

- **Q:** DAILY DOUBLE! The player who has chosen this question will be the only one allowed to answer. The slide will prompt the player to choose a wager before answering. (Click the link at the top of the slide to proceed to the question.) Food Insecurity, means not having enough food to eat, AND not having money or means to get enough. The phrase, food insecurity, is often referred to using this common term.
- **A:** What is Hunger.

400

- **Q:** Think that all people who need water don't have any nearby? Think again! An open water container without proper sanitation and maintenance might cause this problem for families in poverty.
- **A:** What is illness or disease?

600

- **Q:** Roughly 70% of people in developing countries work in this industry. You could say they know much more about where their food comes from than you and I do!
- **A:** What is agriculture or farming?

800

- **Q:** From January-March of 2014, almost 27,000 new people arrived at Kakuma Refugee Camp in Kenya. Almost 11,000 new arrivals were children ages 6-17, mostly from South Sudan. This is the surprising percentage of youth who arrived at the camp early in 2014.
- **A:** What is about 40%.

1000

- **Q:** Small holder farmers around the world are feel harsh effects of changing climates and decreasing produce. These are 2 things that farmers can change to make their crops a little tougher, or their land a little better.
- **A:** What is growing different things (diversification), planting tougher seeds (climate smart seeds), and changing the planting and harvesting times, being a little nicer to the soil by...1) putting vegetation on the ground (other plants to prevent runoff and fix nitrogen) 2) Farming on different terrain, like a hill 3) Composting 4) Planting helpful trees around the crop (more native or hardwood trees) 4) Not tilling the soil 5) catching the water that would otherwise runoff from rain

FINAL JEOPARDY QUESTION:

Name 5 of the 18 countries where LWR has programs today. (2 minutes provided until automatic slide change)

Answer:

Teams reveal their answers when time is up, no changes can be made after the slide changes automatically. Teams may list only 5 countries (not more countries, just in case one is wrong from the initial 5 listed). Acceptable combinations are shown on the answer slide, and a list is also available below.

LATIN AMERICA: Bolivia, Columbia, El Salvador, Haiti, Honduras, Nicaragua, Peru

AFRICA: Burkina Faso, Kenya, Niger, Mali, Tanzania, Uganda

ASIA & THE MIDDLE EAST: India, Indonesia, Nepal, Palestine, The Philippines
