### OVERVIEW OF CORUS INTERNATIONAL

#### ***WHO WERE ARE***

IMA is a global, faith-based nonprofit that helps developing communities overcome their public health challenges. Founded in 1960 as Interchurch Medical Assistance, today's IMA works alongside governments, non-governmental organizations, faith-based and secular agencies to bring the best in science and public health programming to some of the world's most challenging environments. With offices in six countries and more than \$100 million in annual revenue, IMA is a vibrant, growing agency working to achieve health, healing and well-being for all.

IMA offers sustainable and efficient solutions to health-related problems that are far too common in the developing world. IMA believes all people are children of God and thus deserve to lead healthy and productive lives. The founding members of IMA World Health, Protestant Churches and church-based organizations chose to be intentionally ecumenical to provide health services and to build healthy communities around the world. We can do more together than alone; that spirit of joint action remains foundational to IMA today.

IMA World Health and Lutheran World Relief combined in 2020 to create Corus International. Corus International is the parent organization of Lutheran World Relief and IMA World Health, two brands that operate as a single organization.
