

MANY WILL REMEMBER YOUR KINDNESS.

The Good Samaritan Quilt Plaza in front of LWR's Baltimore headquarters stands as a testament to many acts of generosity and kindness. The engraved and colorful bricks make a pattern called "Many Trips Around the World" and represent the distribution of millions of Quilts and comforting Kits to people who have lost everything to a natural disaster or war or who struggle with endemic poverty.

What better way to honor someone than to sponsor a brick in his or her name?

You may sponsor as many bricks as you like. New bricks are installed twice a year. Once installed, you will receive a certificate of appreciation for your support that includes a photo of your brick.
