INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of the
Interchurch Medical Assistance, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of the Interchurch Medical Assistance, Inc. (IMA), which comprise the statement of financial position as of June 30, 2015, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Interchurch Medical Assistance, Inc. as of June 30, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Continued

Other Matters

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Report on Summarized Comparative Information

We have previously audited IMA's 2014 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated March 20, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2015, on our consideration of IMA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering IMA's internal control over financial reporting and compliance.

The accompanying notes are an integral part of these financial statements.

INTERCHURCH MEDICAL ASSISTANCE, INC.

**NOTES TO FINANCIAL STATEMENTS
For the Year Ended June 30, 2015**

1. Organization and Summary of Significant Accounting Policies

Organization

Interchurch Medical Assistance, Inc. (d/b/a IMA World Health) (IMA) is incorporated pursuant to the provisions of the Membership Corporation law of the State of Maryland.

The mission of IMA is to advance health and healing to vulnerable and marginalized people. IMA's activities are funded primarily through contracts, grants and contributions.

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Consequently, revenue is recognized when earned and expenses are recognized when the obligation is incurred.

Cash Equivalents

Cash equivalents include money market funds.

Investments

Investments consist of mutual funds. These investments are recorded in the accompanying statement of financial position at fair value based on quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability through an orderly transaction between market participants at the measurement date. The change in unrealized appreciation or depreciation of investments is included in investment income in the accompanying statement of activities. Realized gains and losses on sales of investments are computed on an average cost method and are recorded on the trade date of the transaction and included in investment income in the accompanying statement of activities.

Fair Value Measurements

Accounting standards define fair value and establish a framework for measuring fair value in accordance with GAAP and expand disclosures about fair value measurements for those assets and liabilities that are measured at fair value on a recurring basis. Accounting standards determine fair value using assumptions that market participants would use to determine the price of the asset or liability, as opposed to measurements determined based upon information specific to the entity holding those assets and liabilities. To determine those market participant assumptions, accounting standards established a fair value hierarchy of inputs that the entity must consider, including both independent market data inputs and the entity's own assumptions about the market participant assumptions.

Contracts Receivable

Contracts receivable represents amounts due from the U.S. Federal Government and other organizations for reimbursable costs incurred in accordance with grant and contract agreements. Management considers all amounts due to be fully collectible and due within one year.

INTERCHURCH MEDICAL ASSISTANCE, INC.

**NOTES TO FINANCIAL STATEMENTS
For the Year Ended June 30, 2015**

1. Organization and Summary of Significant Accounting Policies (continued)

Advances to Subrecipients

IMA advances grant funds to subrecipients under the terms of its various cost-reimbursable grant agreements and records these amounts as advances to subrecipients. Upon submission of the required financial reports by the subrecipients detailing the amount of funds expended under these grant agreements during each quarter and approval by IMA, IMA recognizes grant expense to the extent of allowable direct and indirect expenses incurred by the subrecipients. Any amounts advanced by IMA in excess of expenses incurred by the subrecipients is reflected as advances to subrecipients in the accompanying statement of financial position. Any amounts due to subrecipients for expenditures incurred in excess of advances made are reflected in accounts payable and accrued expenses in the accompanying statement of financial position.

Property and Equipment and Related Depreciation and Amortization

Purchases of property and equipment are stated at cost and are principally depreciated on a straight-line basis over the estimated useful lives of the respective assets, which range from three to ten years for office furniture and equipment and program equipment and 39 to 40 years for the buildings and building improvements. Expenditures for major repairs and improvements are capitalized; conversely, expenditures for minor repairs and maintenance costs are expensed when incurred. IMA's policy is to capitalize purchases of furniture, equipment and major repairs and improvements of \$5,000 or more. Upon the retirement or disposal of assets, the cost and accumulated depreciation and amortization are eliminated from the respective accounts and the resulting gain or loss is included in revenue or expenses.

Donated Medicine and Medical Supplies

Pharmaceutical contributions are recorded at the estimated fair value based upon pricing source inputs which consider wholesale prices and donor values on the date of receipt. During the year ended June 30, 2015, IMA received \$81,076,839 of donated medicine and medical supplies. Nonpharmaceutical contributions received by IMA have been valued at their estimated wholesale value as provided by the donor, or, in the absence of the donors' valuation, using "like-kind" methodology that references United States wholesale pricing data for similar products. Expense is recorded when the goods are distributed for program use.

Classification of Net Assets

IMA's net assets are reported as follows:

- Unrestricted net assets represent the portion of expendable funds that are available for support of IMA's operation. Board designated funds represent amounts to be used as a reserve fund for program development.
- Temporarily restricted net assets are specifically restricted by donors for various purposes or future time periods.

INTERCHURCH MEDICAL ASSISTANCE, INC.

NOTES TO FINANCIAL STATEMENTS
For the Year Ended June 30, 2015

1. Organization and Summary of Significant Accounting Policies (continued)

Revenue Recognition

IMA has cost-reimbursable grants and contracts with U.S. government agencies and other organizations. Revenue from these grants and contracts is recognized as allowable costs are incurred on the basis of direct costs plus allowable indirect costs. Direct and indirect expenses incurred, but not yet reimbursed under these grants and contracts are included in accounts receivable in the accompanying statement of financial position. Funds received, but not yet expended under grants and contracts are reflected as deferred revenue in the accompanying statement of financial position.

IMA recognizes unrestricted contributions as revenue in the period received or when the unconditional promise to give is made. IMA reports contributions as temporarily restricted support if they are received with donor or grantor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the accompanying statement of activities as net assets released from restrictions.

Transactions in Foreign Currencies

IMA conducts many of its programs through field offices in foreign countries, and accordingly, transacts in the local currencies of those countries. These foreign currency transactions are translated into U.S. dollars at the appropriate exchange rates when each transaction is executed. The net loss from foreign currency transactions totaled \$1,500,700 for the year ended June 30, 2015, and is included in the accompanying statement of activities. The U.S. dollar is considered to be the functional and reporting currency of IMA.

Functional Allocation of Expenses

The costs of providing the programs and other activities have been summarized on a functional basis in the accompanying statements of activities and functional expenses. Costs directly related to program and/or supporting services are charged to these functional areas. Expenses related to more than one function are allocated among the program and supporting services benefited based upon various methods deemed to justify the benefits received by the program and supporting services.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP), management makes estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Measure of Operations

IMA considers unrealized gains and losses on investments and foreign currency transactions gains and losses to be non-operating activities in nature.

INTERCHURCH MEDICAL ASSISTANCE, INC.

NOTES TO FINANCIAL STATEMENTS
For the Year Ended June 30, 2015

1. Organization and Summary of Significant Accounting Policies (continued)

Reclassification

Certain prior year amounts have been reclassified for comparative purposes to conform to current year presentation.

2. Investments

Investments consisted of mutual funds totaling \$930,587 as of June 30, 2015.

A summary of net investment income is as follows for the year ended June 30, 2015:

Interest and dividends	\$ 32,865
Net realized gains	27,353
Investments fees	<u>(7,418)</u>
Subtotal	52,800
Net unrealized losses	<u>(51,709)</u>
Investment Income	<u>\$ 1,091</u>

Included in interest and dividends is the interest earned on cash and cash equivalents of \$4,032 for the year ended June 30, 2015.

3. Fair Value Measurements

In accordance with the fair value measurement topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), IMA has categorized its applicable financial instruments into a required fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Applicable financial assets and liabilities are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that IMA has the ability to access.

Level 2 – Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability, such as quoted prices for similarly structured securities in active markets.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing IMA's own assumptions about the assumptions a market participant would use in valuing the asset or liability.

INTERCHURCH MEDICAL ASSISTANCE, INC.

NOTES TO FINANCIAL STATEMENTS
For the Year Ended June 30, 2015

3. Fair Value Measurements (continued)

The following table summarizes the assets measured at fair value on a recurring basis as of June 30, 2015:

	<u>Total Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets/ Liabilities (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Mutual funds:				
Equity securities	\$ 464,122	\$ 464,122	\$ -	\$ -
Bond securities	391,692	391,692	-	-
Commodities	47,616	47,616	-	-
Real estate	<u>27,157</u>	<u>27,157</u>	<u>-</u>	<u>-</u>
Total Investments	<u>\$ 930,587</u>	<u>\$ 930,587</u>	<u>\$ -</u>	<u>\$ -</u>

Mutual funds were valued using quoted prices in an active market.

4. Property and Equipment

Property and equipment consist of the following as of June 30, 2015:

Vehicles	\$ 163,512
Furniture and equipment	263,304
Buildings and leasehold improvements	<u>149,435</u>
Total Property and Equipment	576,251
Less: Accumulated Depreciation and Amortization	<u>(480,786)</u>
Net Property and Equipment	<u>\$ 95,465</u>

Depreciation and amortization expense totaled \$24,332 for the year ended June 30, 2015.

5. Temporarily Restricted Net Assets

As of June 30, 2015, IMA's temporarily restricted net assets are available for the following purposes:

Tanzania grant projects	\$ 256,172
Lymphatic Filariasis projects	93,080
Medicine Box projects	81,814
Haiti grant projects	53,937
South Sudan grant projects	11,623
Other grant projects	<u>42,474</u>
Total	<u>\$ 539,100</u>

Continued

INTERCHURCH MEDICAL ASSISTANCE, INC.

NOTES TO FINANCIAL STATEMENTS
For the Year Ended June 30, 2015

6. Commitments and Contingencies

Office of Management and Budget Circular A-133

IMA has instructed its independent auditor to audit its applicable federal programs for the year ended June 30, 2015, in compliance with Circular A-133, issued by the U.S. Office of Management and Budget (OMB). Until such audit is reviewed and accepted by the contracting or granting agencies, there exists a contingent liability to refund any amounts received in excess of allowable costs. Management believes that any matters arising from the reviews by the federal or state agencies of the independent auditor's reports for fiscal year 2015 will not have a material effect on IMA's financial position as of June 30, 2015, or its results of operations for the year then ended.

Provisional Indirect Cost Rates

Billings under cost-reimbursable government agreements are calculated using provisional rates that permit the recovery of indirect costs. These rates are subject to audit on an annual basis by IMA's cognizant agency. The audit results in the negotiation and determination of the final indirect cost rates, which may create a liability for indirect cost recovery billed in excess of the actual rates or that may allow for additional billings for unbilled indirect costs. The United States Agency for International Development (USAID) audits costs of IMA related to U.S. Federal Government funds, in accordance with Circular A-122, issued by the OMB. USAID has yet to audit IMA's rates for the year ended June 30, 2015. Management believes that matters arising from USAID's review of the independent auditor's reports for 2015 will not have a material effect on IMA's financial position.

Concentration of Credit Risk

IMA maintains its cash and cash equivalents with commercial financial institutions which aggregate balances may exceed at times the Federal Deposit Insurance Corporation (FDIC) insured limit of \$250,000 per depositor per institution. As of June 30, 2015, IMA's balances exceeded the maximum limit insured by the FDIC by approximately \$10,401,000. The Organization monitors the credit worthiness of these institutions and has not experienced any historical credit losses on its cash and cash equivalents.

Foreign Operations

IMA has field offices in various African countries, Haiti and Indonesia. The future results of IMA's programs could be adversely affected by a number of potential factors such as currency fluctuations or changes in the political climate. As of June 30, 2015, IMA had cash in these countries totaling approximately \$814,000, representing approximately 2.8% of IMA's total assets.

Operating Leases

IMA has entered into a noncancelable operating lease agreement for its Washington, DC office. The lease expires at December 31, 2018. The Washington, DC lease provides for rent increases of 2.5% each year. IMA is also obligated to pay its proportionate share of real estate taxes and excess operating costs.

INTERCHURCH MEDICAL ASSISTANCE, INC.

NOTES TO FINANCIAL STATEMENTS
For the Year Ended June 30, 2015

6. Commitments and Contingencies (continued)

Operating Leases (continued)

Rent expense totaled \$439,031 for the year ended June 30, 2015 and it is included in office operation and rent in the accompanying statement of functional expenses.

The future minimum rental payments required under this lease, as of June 30, 2015, are as follows:

<u>For the Year Ending June 30,</u>	
2016	300,087
2017	307,859
2018	315,279
2019	<u>160,589</u>
Total	<u>\$ 1,083,814</u>

On November 12, 2015, IMA entered into a new lease agreement for the office in Washington, DC. The effective date of this lease is December 1, 2015 and the expiration date is November 30, 2026.

Line of Credit

IMA maintains a line of credit with a bank for which the maximum permitted outstanding balance is \$3,500,000. Principal is due on demand and interest was at the daily LIBOR Rate Plus 3.5%. This line of credit expires on April 30, 2016. There was no balance outstanding as of June 30, 2015.

Major Funders

During 2015, IMA recognized revenue of \$46,717,194 under contracts and grants with one agency of the U.K. government. Revenue recognized under these contracts and grants was approximately 56% of total revenue and support, excluding donated medicine and medical supplies, for the year ended June 30, 2015. If the level of funding by this agency was to be significantly curtailed, it may have an adverse impact on IMA's ability to carry out its programs.

7. Pension Plans

IMA sponsors a retirement plan in accordance with Section 403(b) of the Internal Revenue Code (IRC). The employees are eligible to participate in the plan if they have been credited with 1,000 or more hours of service during any consecutive twelve-month period. Under the plan, eligible employees may make pretax contributions up to the limits established by the IRC. All employer contributions are discretionary. The employer contributions are fully vested. Pension expense was \$206,617 for the year ended June 30, 2015.

NOTES TO FINANCIAL STATEMENTS
For the Year Ended June 30, 2015

8. Income Taxes

Under Section 501(c)(3) of IRC, IMA is exempt from the payment of taxes on income other than net unrelated business income. For the year ended June 30, 2015, no provision for income taxes was made, as IMA had no net unrelated business income.

IMA follows the authoritative guidance relating to accounting for uncertainty in income taxes included in Accounting Standards Codification (ASC) Topic 740, *Income Taxes*. These provisions provide consistent guidance for the accounting for uncertainty in income taxes recognized in the entity's financial statements and prescribe a threshold of "more likely than not" for recognition and derecognition of tax positions taken or expected to be taken in a tax return. IMA performed an evaluation of uncertain tax positions for the year ended June 30, 2015, and determined that there were no matters that would require recognition in the financial statements or that may have any effect on its tax-exempt status. As of June 30, 2015, the statute of limitations for tax fiscal year ended June 30, 2012 through June 30, 2014 remains open with the U.S. federal jurisdiction or various states and local jurisdictions in which IMA files tax returns. It is IMA's policy to recognize interest and/or penalties related to uncertain tax positions, if any, in income tax expense.

9. Prior Year Summarized Financial Information

The accompanying financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with GAAP. Accordingly, such information should be read in conjunction with IMA's financial statements for the year ended June 30, 2014, from which the summarized information was derived.

10. Subsequent Events

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through November 17, 2015, the date the financial statements were available to be issued. Except for the lease disclosed in Note 6, there were no other subsequent events identified that requires recognition or disclosure in these financial statements.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of the
Interchurch Medical Assistance, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Interchurch Medical Assistance, Inc. (IMA), which comprise the statement of financial position as of June 30, 2015, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 17, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered IMA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of IMA's internal control. Accordingly, we do not express an opinion on the effectiveness of IMA's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Continued

Compliance and Other Matters

As part of obtaining reasonable assurance about whether IMA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL
CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of the
Interchurch Medical Assistance, Inc.

Report on Compliance for Each Major Federal Program

We have audited the Interchurch Medical Assistance, Inc.'s (IMA's) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of IMA's major federal programs for the year ended June 30, 2015. IMA's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of IMA's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about IMA's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of IMA's compliance.

Opinion on Each Major Federal Program

In our opinion, IMA complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of IMA is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered IMA's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of IMA's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
