INTRODUCTION

IMA World Health is a global, faith-based nonprofit that helps developing communities overcome their public health challenges. Founded in 1960 as Interchurch Medical Assistance, today's IMA World Health works alongside governments, non-governmental organizations, faith-based and secular agencies to bring the best in science and public health programming to some of the world's most challenging environments. With offices in six countries and more than \$100 million in annual revenue, IMA World Health is a vibrant, growing agency working to achieve health, healing and well-being for all.

IMA World Health offers sustainable and efficient solutions to health-related problems that are far too common in the developing world. IMA World health believes all people are children of God and thus deserve to lead healthy and productive lives. The founding members of IMA World Health, Protestant Churches and church-based organizations, chose to be intentionally ecumenical to provide health services and to build healthy communities around the world. We can do more together than alone; that spirit of joint action remains foundational to IMA World Health today.

IMA is implementing Department for International Development (DFID) funded program: The Support to the Health System in DRC, known locally as Appui au Système de Santé en RDC or ASSR. The program aims to improve access to critical, quality health services and strengthen the Ministry of Health's ability to sustain them. Maternal, adolescent, and child health will be improved through strengthening priority interventions such as the treatment of malaria, pneumonia and diarrhea; nutrition; obstetric and neonatal care; family planning and immunization that are delivered through the health system. ASSR supports 50 zones in 4 provinces (Kasai, Kasai Central, Nord Ubangi, and Maniema). Vehicles procured through this RFQ will be used to deliver health assistance in those regions.

OUR MISSION AND VISION

To build healthier communities by collaborating with key partners to serve vulnerable people. Our vision of health, healing and well-being for all is based on the Christian call to serve one another

Please visit our web site (imaworldhealth.org) for additional background information about IMA World Health, including a description of our major program areas and a list of the countries in which we operate.
